

### STEP 3: SAVE IT

Bring your recyclables to one of the following FREE recycling drop-off locations (open to anyone, not just Fayetteville residents):

#### Marion Orton Recycling Center

735 W. North Street  
6am-5pm M, Tu, W, F, & Sat  
6am-7pm Thursday

Also accepts eyeglasses and gently used shoes for recycling!

### Recycling Tips

- Plastic bags are a contaminant in the City's recycling program (and a big litter problem). Please return them to retail stores for recycling, or use reusable bags instead!
- Organic materials can be 'recycled' by composting! See the City of Fayetteville's Yard Waste Composting Brochure.
- Many Household Hazardous Waste (HHW) items can actually be recycled, but only at proper facilities. Contact Boston Mountain Solid Waste District HHW Drop-Off for more information at 479 846 3005
- Donate or sell clothing, furniture and other reusable items you no longer want; they can be put to good use by someone else!
- Don't forget to buy recycled products and Close the Loop! Products made with post consumer recycled content often have one of these symbols:

#### City of Fayetteville Recycling Drop-Off

1420 S. Happy Hollow Road  
Open 24 hours a day, 7 days a week

### STEP 4: RECYCLE IT

Place recyclables into the separate containers for each material.

Thank you for doing your part to help our community conserve resources and keep them out of the landfill!

## City of Fayetteville RECYCLING DROP-OFF CENTERS

**RecycleSomething.org**

# Recycling Starts at Home!

## Save it. Tote it. Recycle it!

### STEP 1: KNOW WHAT TO RECYCLE

#### Cardboard & Paperboard (cereal boxes, etc.)

- flatten and place through the recycling container slots
- NO waxed cardboard

#### Mixed Paper

All of the below must be clean and dry

- Newspapers & inserts
- White office paper
- Magazines & catalogs
- Junk mail
- Telephone books
- NO waxy, coated, or metallic paper

Please store all paper inside until you are able to bring it to a drop-off; water and sunlight can ruin the value of the paper.

#### Steel Cans

- Labels OK
- Place metal lids inside steel cans

#### Aluminum Cans

- Cans ONLY, Please

BOTTLES ONLY

#### Plastic #1 Bottles

- Caps OK
- Water, juice & soda bottles, etc.

BOTTLES ONLY

#### Plastic #2 Bottles

- Caps OK
- Milk jugs & detergent bottles, etc.

Remember to "check the neck"— bottles have openings smaller than their base. NO other plastics accepted!

#### Glass Bottles & Jars

- All Colors
- NO ceramics or plate glass

Please remove all liquid, food residue, and plastic linings/wrappings from containers before recycling. Paper labels do not have to be removed from cans, bottles or jars.

### STEP 2: SAVE IT

Choose containers that make it easy for you to sort, store and carry your recycling:

- Plastic tubs, laundry baskets, cardboard boxes and reusable or paper sacks are some common practical choices

Do not leave plastics bags in the recycling containers, they are a contaminant! Please take the plastic bags back to the retail store where you got them for recycling.

Here are a few ideas of handy spots for recycling containers:

- Kitchen (Under sink, in cabinets, bag on hook behind door)

- Closet/Laundry/Pantry (On floor or shelving units, bag on hook behind door)

- Bathroom (Collect shampoo bottles, toilet paper tubes, etc. in a bag/bin next to trash bin or under sink)

- Office Area (Collect office paper and junk mail under desk, in slide out drawer, or on knob, hook or handle)
